

TPI Pedestrian Signals (16")

Vandal tabs on each side to prevent unauthorized access

Captive wingnut style door latch assembly

Black Polycarbonate Door w/3 hinge fins for greater strength

All external hardware is stainless steel

Features:

- Invertible design: Door is attached using stainless steel ball pins for easy door removal and may swing from either side of the body (for left or right door mounting).
- One style universal maintenance housing will fit any mounting application!
- Lens and Gasket mounted to door with four stainless steel tabs and screws using threaded brass inserts in door – Not glued to the door!
- Die cast or Polycarbonate body housing with shurlock ports top and bottom.
- Rotatable sockets (for proper lamp orientation) are standard if incandescent model is needed.

LED pictured is the standard Man/Hand.

We also offer the Hand/Man/Ctdwn LED installed or sold separately.
